14 September 2017

Dear Secretary,

We have completed our research into the Anglican Church's acquisition of the land between St John's Church and its Rectory.

We have found the **land was donated** by the Camden Park Estate to the Church of England Property Trust Diocese of Sydney for the explicit purpose of a ***Glebe annexed to the Church of St John's at Camden.***

There is a contemporary newspaper article stating *The Camden Park Estate has donated to the Church the land straight in front of the Rectory, right down to the river, and the paddock between the house and church.*

The Memorandum of Transfer between the Camden Park Estate and the Church of England Property Trust Diocese of Sydney shows this land was transferred for a consideration of 10/- (\$1).

The Declaration of Trust associated with the title states the transfer of the property was for a *nominal consideration.*

We ask you to make these facts known to your congregation.

Yours sincerely,

Glenda Davis

President
