Dear General Manager,

*Re: Renewal and Enhancement Project
Corner Broughton Street and Menangle Road Camden*

Thank you for the opportunity to comment on this project involving the space surrounding and featuring the Rotary Club mural wall which is locally heritage listed (I145).

We have looked at the plans and wish to congratulate Council on the proposed enhancements.

The large sandstone blocks of the retaining wall as depicted are not obviously machine sawn and as such they are more consistent with the heritage of the town. Over time they will likely develop a traditional sandstone patina and colour, complementing a feature of the original streets and buildings.

old

The additional vegetation, including two new jacaranda trees and the seats along Menangle Road can only improve the setting, add interest and point to the mural's significance. The project should improve the streetscape and provide an enhanced symbolic entrance to the 1840 Macarthur town.

We look forward to the project's completion.

Yours sincerely,

Glenda Davis

President
